TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

ROCKINGHAM, SS.

[L. S.]

To the Inhabitants of the Town of Auburn, in said County, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Auburn on Tuesday, the fourteenth day of March, next at ten o'clock in the forenoon, to act upon the following subjects:

First. To bring in your ballots for:

Town Clerk for the ensuing year,
One Selectman for three years,
Tax Collector for the ensuing year,
Town treasurer for the ensuing year,
Highway agent for the ensuing year,
One library trustee for three years,
One cemetery trustee for three years,
One trust fund trustee for three years,
Three auditors for the ensuing year,
Overseer of the poor for the ensuing year.
Police chief for the ensuing year.

At 1:00 o'clock P.M., the meeting will be open for the following articles:

Second: To see if the town will vote to incur debt for temporary loans in anticipation of taxes.

Third: To see if the town will vote to accept such trust funds as may have come in during the year and such trust funds as have not been previously accepted.

Fourth: To see if the town will vote to authorize the Selectmen to dispose of any or all property acquired by tax deed since the last vote so authorizing them to do so.

Fifth: To see if the town will vote to use the income of the H. B. Burnham fund for schools or library.

Sixth: To hear the report of the Budget Committee and act thereon.

Seventh: To see if the town will vote to raise and appropriate the sum of $1500.00 to tar and improve the so-called Eaton Hill Road. Beginning at the end of the black road and continuing as far as possible toward the home of Josiah Davis.
(This appropriation recommended by Budget Committee.)

Eighth: To see if the Town will vote to raise and appropriate the sum of $79.00 (1/100th of one percent of the Town's valuation based on the 1949 assessment) to the Merrimack Valley Region Association for the purpose of publicizing and promoting the natural advantages and resources of the Town in cooperation with the other 37 communities in this Region, or act in relation thereto.
(This appropriation submitted without recommendation of Budget Committee.)

Ninth: To transact any other business that may legally come before the meeting.

Polls will open at 10 o'clock A.M. and close at 6 o'clock P.M.

Given under our hands and seal this seventeenth day of February, A.D. 1950.

REPORT OF THE FOREST FIRE WARDEN

FOREST FIRES—OUR MOST SHAMEFUL WASTE

Everyone apparently fears fire but too many are careless with it. This is particularly true of fires in and near woodlands. Official figures show that more than 98 percent of all forest fires result from human carelessness and can be prevented. Consequently, we may say "Forest Fires are our most shameful waste".

Annual forest fire losses are tremendous and their effects far reaching. Such fires destroy the raw products of the forests, the protection forests provide for game and the supply of ground water. They upset local economies by drawing men from gainful employment and requiring the expenditure of public funds to extinguish them.

Our forest fire organization is doing a good job in keeping the size of fires small but the number of fires is increasing. In 1949 there were 100 more fires in New Hampshire than in 1948, but they burned 500 acres less. For the warden and his deputies to do the job they are capable of, they must have the cooperation of the public—YOU!

The primary objective of all fire fighters is PREVENTION—fire stoppage. This is the goal toward which your local forest fire warden and his deputies are constantly working. It can be achieved ONLY if YOU and YOU and YOU cooperate with them. It is worth YOUR effort and can be accomplished by:

1. Being careful with fire in or near woodland, being particularly careful with matches and cigarettes.

2. Securing the written permit from the warden when the ground is not covered with snow.

3. Insisting that others be careful and comply with burning requirements.

4. Calling the warden promptly when fire is detected and aiding him to extinguish it.

Let's reduce the number of forest fires and eliminate our most shameful waste.

To the Residents of the District:

In accord with the vote of the school district meeting the building committee appointed met with the school board and organized with Donald MacDonald as Chairman and Mrs. Irene Jacobsen as clerk.

The group continued to work with Mr. Irving Hersey as architect and finally evolved a plan which was satisfactory to all.

The committee advertised for bond bids and accepted the bid of the F. W. Horne Co. in which the issue was spread over a 15 year period the principal payments to be $3000 for the first four years and $2000 for the next 11 at 2½%. The bill allowed a premium of $416.16.

Bids were received through the office of Irving Hersey on the actual building. The low bidder, Leon Keyser, of Manchester, was awarded the contract. The committee, the architect, and the contractor then worked through the subs and worked the contract down to $30,301. Certain phases of the work were to be done through the committee and local people. The painting, water supply, and excavation for septic tank and drainage, and oil tank were handled locally. Through the cooperation of Mr. MacDonald a considerable saving was effected in the excavation.

The building was occupied Nov. 28th although the work was not entirely completed.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Auburn School Board:

I herewith submit my eighth report as superintendent of schools in Auburn.

STATISTICAL REPORTS

Enrollment

The total enrollment for the current year is 165 or an increase of 14 with an actual enrollment as of Jan. 31 of 153 or an increase of 12. The interesting point from the standpoint of future enrollments is that there is an increase of 14 in grades 1-4 and a decrease of 2 in grades 5-8. The increase in total enrollment since 1947 is 39 and the increase in actual enrollment is 33. This is in excess of general trends and emphasizes that fact that the district was wise in embarking on a building expansion program. The financial obligations of the district will be considerably increased if and when the present primary group reaches high school.

The membership by school and grades as of January 31, 1950 follows:

School	*Grades*								*Total*
	1	2	3	4	5	6	7	8	
Severance ...	15	5	11	6	9	12	6	8	72
Village	16	13	10	13	9	8	9	3	81
Totals	31	18	21	19	18	20	15	11	153

The number of Auburn pupils who were in high school on January 31, 1950 were:

School	*Grades*				*Total*
	9	10	11	12	
Manchester Central	14	8	5	7	34

STATISTICS FOR THE SCHOOL YEAR ENDING JUNE 30, 1949

Total registration	159
Half days schools were in session	346
Average membership	141.983
Average attendance	133.006
Per cent of attendance	93.677
Number of pupils transported at district expense	89

On Thursday evening, June 16, 1949 diplomas were awarded the following boys and girls who had completed the work of the first eight grades.

The resignation of Mrs. Hart made possible the reassignment of teachers. Mrs. Gibbons was moved to the primary grades at Severance and Mrs. Nellie Brooks, a teacher of several years of successful experience, was secured for the upper grades at the Village. When it was possible to move to the remodeled Village School Mrs. Bartholomew was placed in charge of grades 3-4-5. The organization plan was grades 1-2, 3-4-5, 6-7-8. The district has been fortunate to obtain and retain mature trained teaching personnel. The music continued to be under the direction of Mrs. Frances Kelley and handwriting under the direction of the Rinehart Functional Handwriting System. The pupils are making progress in both areas.

The problem of teacher supply is still serious and will continue for a period of several years. The shortage was created by several factors: a decrease in the number of graduates of the elementary curriculum, a recognition that the expanding curriculum and the increased knowledge of child development necessitated smaller classes, and the increasing elementary school enrollments. Predicated on previous expriences of a war and post war period it was generally predicted that 1949 would see a return to the normal birth rates of the pre-war period. It was also predicted that as a result of the high birth rates up to 1948 the peak of elementary enrollments would be reached in 1956. The actual happenings of 1949 have resulted in a revision of these figures. In 1949 the birth rate held at the 1948 level and the peak will not be reached in the elementary schools until 1957. The peak for secondary schools will be 1963. Such facts are startling and require careful planning for the future of the schools. The financial considerations will be dealt with in the latter part of this report. The need to encourage young people of both sexes to enter the field of elementary education is obvious. The preservation of our society and its in-

stitutions is dependent on the quality and amount of educational opportunity offered our children.

The necessity of expanding the curriculum to meet modern conditions is almost self evident. The technological advances in all phases of our modern civilization have imposed a burden on educational institutions that is heavy. Science has been introduced at first grade level with a planned program for the elementary grades. Health and physical education, personality development, a broader knowledge of world problems, as well as mastery of tool subjects are all part of a fully developed curriculum to meet the needs of the child developing in our modern society. To meet these problems of expanding the curriculum requires a well equipped class room with as many teaching aids as available funds can supply. The need for adequately trained and prepared teaching personnel to meet the problem is also apparent.

The housing problem of the district has been solved in a manner that will permit expansion easily if conditions demand it. Such expansion seems a remote possibility. It can come, however, if there is building in Auburn to accommodate expansion of Manchester's population. The district has been wise in meeting the problem and subsequent enrollments will substantiate the wisdom of the '49 district meeting.

Budget

School district budgets are affected, as are all budgets by two things, expenditures and income.

Action of the 1949 Legislature affected the budget of school districts in both areas. The cut in funds for state aid from $2,000,000 to $400,000 resulted in a decrease in income of $5753.92. In addition the action of the legislature in changing the method of determining average per pupil cost of high school increased this average from $158.74 to $233.70.

This latter figure is the district's legal responsibility. It then becomes possible for the district to which high school students are sent to charge up to $233.70 per pupil. Thus the action of the legislative body increased the possible expenditures for high school tuition approximately $75 per pupil which makes a possible increase of $3000 if high school enrollment remains at 40. The tax burden can be alleviated at state level through the taxing power of the state and an increase allocation of state money to the local districts.

A detailed study of the budget can be made with this background established.

The overall budgetary increase with special appropriations for 1949-50 included is $1794.19. Bond retirement and interest total $3812.50 so that operational budget is $30,029.49. The same budget minus $4400 for repairs and equipment was $27644.80 for '49-'50. The expansion of plant facilities and increased enrollments account for all of the increase. Increased enrollments at elementary level required additional transportation which is responsible for the $200 increase in this item. Increased enrollment at high school level accounts for a $640 increase in this area. Increased plant facilities with the employment of an additional teacher for a full rather than a part year accounts for the following items:

Teachers' salaries	$1,052.42
Janitor salaries	210.00
Fuel	250.00
Water, light & janitor supplies	150.00
	$1,662.42

The total of these items is $2402.42. There are other items which have increased which are balanced by decreases so that these items account for all of the operational budget increase.

The levy is $2028.73 higher due to a decrease in estimated income of $234.54.

Despite the inconveniences of working during a period of construction work in the schools has progressed well. That it has done so is a tribute to the fine spirit that pervades the school community. All cooperate to produce the best education that our facilities can provide. It is a pleasure to work with and for children in such an atmosphere.

Respectfully submitted,

EVERTON H. PARKINSON,
Superintendent of Schools.
